

Manufacturer's declaration regarding the full compliance of the equipment with the conditions set forth in the Wireless Telegraph Regulations (Confirmation Certificates) 5721-2021.

Declaration

Name: _____ ID: _____ Job Title: _____

Authorized with my signature to undertake on behalf of the _____
company, address _____ Email _____ Telephone: _____

Declare that the equipment model _____ intended for marketing in Israel fully complies with all the provisions of the regulations and rules regarding the wireless operation as required by the Wireless Telegraph Ordinance [New Version], 5732-1972 and the regulations issued by virtue thereof, including the Wireless Telegraph Regulations (Confirmation Certificates) 5721-2021 (Hereinafter "The Wireless Telegraph Regulations").

I further undertake that:

1. The wireless features of the product cannot be changed and only the manufacturer or anyone on his behalf can change these features.
2. The product, according to its original specifications, or after the unique adjustments that have been made to it so it complies to the Israeli law, operates according to the requirements of the Wireless Telegraph Regulations and the terms of assignment, the standards and the permitted use as detailed in the appropriate annex to the it.
3. The antenna of the product cannot be replaced and an external device cannot be added to increase the wireless signal.
4. The product has been updated according to the Israeli regulatory requirements and the name of the model imported to Israel was changed as detailed below.
5. In any event of a change in the wireless features of the product and in case of an updating of the standard, a new approval for this model must be obtained from the Ministry of Communications.
6. The specifications of the equipment after the adjustments should be as follows:
New Model Name: xxx-xxx
Frequency range:
Transmitting power:
Bandwidth:
Modulation:
Standard: (CE, FCC)
